MID SEASON INTAKE

There is limited availability for additional players in the program, we are offering 2 registration options for new players who want to learn football prior to the 2020 season.

Our Small Sided Football Program aims to develop a basic set of soccer skills and to foster a great love of football. Children are placed into teams of 10-12 according to age level – each team will have a Parent Coach, Assistant and a Team Manager. Sessions are run according to our football curriculum, which has been developed in association with Football Victoria to suit children of this age. The aim of this program is to engage with the players, help them to develop their ball control skills and to have fun!
